Jewellers' No. 1 LED Lighting Designer, Manufacturer, and Executor

MarkaLED is No. 1 designer, manufacturer and executor of LED armatures for jewellers in Turkey and expands its business all around the world into new sectors and territories. Focusing on clients' needs and fulfilling them has transformed MarkaLED into a pioneer, a leader and a trendsetter in the jewellers' LED lighting market in Turkey. MarkaLED's well earned reputation is rapidly spreading across Europe, Middle East, North Africa, and UK.

In-Depth Consulting

MarkaLED designs its own products, manufactures them and applies them on-site. Through all these phases, it consults its clients regarding their

- marketing objectives
- interior qualities
- services, be it a shop, a restaurant, a hospital, a school, a housing project, or a hotel; governmental or private
- product range in their shops, in particular jewellery, whether they are made of gemstones, silver, gold, or diamond; classic or modern style.

Guiding in LED Lighting

More and more business owners in all sectors are changing their conventional lighting to LED armatures. As a result, they save minimum 25% in lighting costs per year and attract more customers with their well-lit shop windows, interiors, as well as exteriors. Being an expert in lighting, MarkaLED is following *and* creating scientific and aesthetic trends itself, thus guiding its clients in LED lighting technology for years to come. This is why MarkaLED offers 5 Years Warranty, to begin with.

B2B Partner in 80 Countries

Since 2009, MarkaLED has been a reliable business-to-business partner. MarkaLED has been doing business with 80 countries and accomplished 23196 projects so far.

Delivering Tailored Solutions. Establishing Strong Bonds

Thank to its knowledge in LED lighting-gained through actual experience by its dedicated designers, engineers and sales people, MarkaLED delivers effective solutions to market needs of its clients. Considering all these business aspects, none can come close to MarkaLED. [Contact](#) MarkaLED to learn more or to get a quote for your project.

PRODUCTS

ABOUT US

We know that in a world full of challenges and competition, reliability, advertising and beauty are the leading virtues.

We also know that if we internalize these virtues and make everything accordingly

- thinks
- plans
- designs and
- If we bring it to life, only then can we shape ourselves, our environment and our future for the better.

We made this thought in order to guide our customers, who come from engineers, architects and contractors, in its field of LED lighting.

OUR VISION

We are a firm of LED designers, manufacturers, exporters and appliers based in Istanbul, Turkey. Our LED products have a wide range of application areas -both public and private-. Our company's partners and executers consist of civil and electronic engineers, technicians, designers, and marketing managers who are in LED lighting business for for more than 15 years and experienced in jewellery and textile industries, retail, as well as in B2B. In Bayrampasa/Istanbul, we run an integrated plant for LED lighting and can easily design and manufacture• in a fraction of time and• in high volumes.
