

**GALINTERIORS**  
LUXURY STORE MAKERS

# ABOUT US

Gal Interiors is a company that prides itself in creating and sustaining long term relationships in a constantly changing industry. We are a company specializing in providing turnkey luxurious jewelry stores from site analysis to installation. We have an extensive client list throughout Europe and the United States.

Manufacturing is done in Turkey by experienced craftsmen and use of state-of-the-art machinery. Highest grade of materials, hardware and finishes are used to produce an excellent result.

We coordinate the shipment with our forwarder and provide all necessary documents to ensure prompt delivery.

Our lighting division, Markaled Lighting is a LED light manufacturer specializing in jewelry store lighting. We use the US brand CREE chip and aluminum cooler outer and inner body to provide extraordinary incase lighting and specialized general jewelry store lighting.

Vackerlite Lighting is our general lighting manufacturing division for indoor and outdoor use in retail, hotels, residential, schools and industrial facilities.

Our division, Fa bba Display is a designer and producer of incase jewelry displays. Top grade leather and microfabric brands such as Fifield, Winter, Kuraray as well as Turkish made materials are used to produce great workmanship and design of standard and custom pieces.
